Education

2019–Present **Indian Institute of Science Education and Research, Kolkata,**
Dept. Biological Sciences, Minor : Computer Science.
GPA – 8.73/10

Interests and Hobbies

Research Int. I am mainly interested in understanding Biological phenomena through the application of Computational techniques such as deep learning and molecular dynamics simulations.

Hobbies Origami, Programming

Projects and Experience

Nov 2021 – **Exploring the the Free Energy Landscape of IDR**, *Prof. Neelanjana Sengupta, IISER Kolkata, India.*

- Studied the Conformational Landscape of CTD-NSP1 COVID proteins using Molecular Dynamics Simulation and learning the FEL using EMD.
- Sample the Intermediate Rare Conformations using the latent space.

Jun 2022 – **NLP Researcher**, *At Wavel.ai.*

Aug 2022 Worked in the core team to learn, explore, and build state-of-the-art TTS models for multilingual and multispeaker voice cloning.

Nov 2021 – **Predicting Global Horizontal Irradiance [Code ,Certificate]**, *Hackathon Submission.*

- Implemented Long Short Term Memory Networks on previous GHI and could cover data of a solar farm.
- Qualified To be Finalist Teams among 30 Teams

Oct 2020 – **Wind Farm Layout Optimization [Code]**, *Hackathon Submission.*

- Implemented Particle Swarm Optimization Algorithm in Python.
- The algorithm finds the optimal wind turbine farm layout using PSO and Wind Data of a particular region.

Jun 2020 – **Summer Project [Report]**, *Prof. Jayasri Das Sarma.*

- Studied the parallels between m-CoV and SARS-CoV-2 and how is can be used as a model organism for studying SARS-CoV-2 in mice.

Feb 2020 – **Welearn Bot [Code]**, *Team Project.*

- A cli application for interacting with Welearn IISER-Kolkata for downloading files getting assignment deadlines
- Implemented the cache file system for the downloaded files and calendar event creation
- Implemented the google calendar integration for adding assignment and examination deadlines as an event on google calendar for those productivity.

Publications

Accepted (Pre-proof) **Conformational Ensemble of the NSP1 CTD in SARS-Cov2: Perspectives from the Free Energy Landscape**, Pallab Dutta, **Abhay Kshirsagar**, Parth Bibekar, and Neelanjana Sengupta.

In this Study we investigate the conformational ensemble of NSP1-CTD of SARS-CoV-2 virus by leveraging Enhanced Sampling Method like Replica Exchange Molecular Dynamics and gain insights on its conformational landscape by using methods such as Expectation Maximized Molecular Dynamics.

DOI: [10.1016/j.bpj.2023.02.010](https://doi.org/10.1016/j.bpj.2023.02.010)

Achievements

Dec 2021 **HPC Hackathon**, *Funding for Research*.

- Our Team won the HPC Hackathon organized by DST-India and Powered by Amazon Web Services
- We received a prize of \$10,000 (USD) in compute credits by AWS for our project proposal.

Jun 2020 **KVPY SB Scholar**, *Scholarship*.

- Qualified for a scholarship program for students interested in pursuing science
- Ranked 56

Jun 2019 **INSPIRE Scholar**, *Scholarship*.

- Qualified for a scholarship program for students interested in pursuing science

Skills

Languages	Python, C/C++, SQL, MATLAB, R, Dart
Frameworks	Keras, PyTorch, Tensorflow
Web Dev	HTML/CSS, JavaScript (ES6)
Android Dev	Flutter
Communication	English, Hindi

Relevant Courses

Online Certifications.

- Machine Learning by Andrew Ng - [\[Certificate\]](#)
- Introduction Neural Networks - [\[Certificate\]](#)
- Convolutional Neural Networks - [\[Certificate\]](#)
- Improving Deep Neural Networks: Hyperparameter Tuning, Regularization and Optimization - [\[Certificate\]](#)

Extra Curriculars

Aug 2021 **SlashDot Club**, *Convener*.

- I was the convener of SlashDot Club which is the Coding Club of IISER Kolkata
- During my period I have taken Workshops on Web Development where I taught HTML, CSS and JavaScript.
- I was also an active member of Code Chef College chapter of IISER Kolkata

Jan 2021 **Campus Radio**, *Web Development Team*.

- I headed the Web Development Team at Campus Radio and created website with a database Back-end
- For the Website I used tools like Firebase for storing Images, And personal Data
- I also created an app which connects to the Fire-base with CRUD functions that allows user to Modify the Data seamlessly through the GUI
